Introduction: Rush University Admissions Data, AY1819 to AY2223

Report modifications for 2023 Fact Book Admissions Data

1. For AY2122, Completed Application data by race/ethnicity for College of Health Sciences contained duplicated data and could not be reported. All Completed Application data was reclassified as "Unknown". As such, the following modifications were made:

    a. For **Table 4.0** and **Table 5.0**, AY2122 Acceptance Rates for Rush University cannot be provided. Also, 5-Year Total Acceptance Rates could not be calculated and, instead, represent 4-Year Acceptance Rates (AY1819 to AY2021 and AY2223).

    b. For **Table 4.1** and **Table 5.1**, AY2122 Acceptance Rates for College of Health Science cannot be provided. Also, 5-Year Total Acceptance Rates could not be calculated and, instead, represent 4-Year Acceptance Rates (AY1819 to AY2021 and AY2223).

2. For AY1718-AY1920, Rush Medical College data had a majority unknown ages. Also, for AY2122, College of Health Sciences Completed Application data was not broken out by age group and was reclassified as "Unknown". As such, the following modifications were made:

    a. For **Table 6.0**, Rush University Acceptance Rates for AY1718-AY1920 and AY2122 cannot be provided. Also, 5-Year Total Acceptance Rates could not be calculated.

    b. For **Table 6.1**, AY2122 Acceptance Rates for College of Health Science cannot be provided. Also, 5-Year Total Acceptance Rates could not be calculated and, instead, represent 4-Year Acceptance Rates (AY1819 to AY2021 and AY2223).

    c. For **Table 6.3**, AY1718-AY1920 Acceptance Rates for Rush Medical College cannot be provided. Also, 5-Year Total Acceptance Rates could not be calculated and, instead, represent 3-Year Acceptance Rates (AY2021-AY2223).
