

The Mary Kay Ash Foundation

Innovative/Translation Cancer Research Grant

Limited Submission RFP

Internal Deadline December 7, 2022

The Mary Kay Foundation focuses on funding research for innovative grants for translational research in ovarian, uterine, breast or cervical cancer. Translational research is broadly defined as research that will provide a scientific link between laboratory research and the clinic. Ultimately, such research would lead to improvement in diagnosis, prognosis, prevention, or treatment of the cancer. The grant will be up to \$100,000 (combined direct and indirect costs) for a two-year period. If indirect costs are requested, they cannot exceed 15%. The Foundation anticipates funding between ten and fifteen grants.

Rush may nominate one candidate. To apply to fill this slot:

- Register via this [REDCap](#) form by 5 p.m. on **November 30, 2022**.
- Submit the following documents via this [REDCap](#) form by 5 p.m. on **December 7, 2022**:
 - Specific Aims, brief statement on significance, innovation, and environment/investigator. This should be no more than two pages long.
 - NIH biosketch.

The internal review committee will make a decision by **January 11, 2023**; Philanthropy will then assist the applicant in completing their proposal submission to The Mary Kay Foundation. **Applications are due by February 1, 2023.**
