Important Information

- Should you wish to have the name that is printed on your diploma be different than the name read at Commencement (i.e. John David Matthews printed on diploma vs. John D. Matthews to be read at Commencement) please speak with the Office of the Registrar to determine if complying with your request is possible.

- If you previously submitted a Directory Information Restrictions form, your signature on the Intent to Graduate form also temporarily releases (for graduation ceremony/program purposes only) the directory information restrictions you enacted for the specific items mentioned in #2 (above) so that the information can be published in any Rush graduation program and/or announced at any Rush graduation ceremony. In addition, your signature permits Rush University to release your name and address to the external photography vendor with whom Rush contracts, and to have the vendor place graduation photographs of you on its Web site. Your signature also allows the University to publish your picture in a picture composite and your image in a DVD that is created and distributed of the Commencement ceremony. The recording of the graduation ceremony could also appear on the Rush University web site and/or social media sites including but not limited to YouTube and Facebook. Finally, if you are a medical student, your signature also permits publication of your name, photograph, previous degrees earned, and other information in the Rush Medical College yearbook.
- If you are a medical student, by signing this form you give permission for Rush University to release your name, date of birth, social security number, major, and degree date to the Illinois Department of Financial and Professional Regulation.
