# Enrollment At-A-Glance Report: Fall 2023

## Executive Summary

---

The Enrollment-At-A-Glance Report provides five-year data that includes the total student headcount, headcount for newly enrolled students, student demographics, and degrees awarded. The report is updated each term.

Enrollment data are obtained from the Student Information System and are based on the official Census Date established by the Registrar. The Census Date is the date on which enrollment counts are frozen for purposes of internal and external reporting. The Census Date for Fall 2023 was September 14th. Students not registered in the Student Information System by September 14th may not be included in the count for that term. This report also includes Fall 2023 budgeted vs. actual enrollments obtained from the University Finance Team.
