Subject: ACTION REQUIRED: FY18 Faculty Performance Evaluation Due

Dear Sally,

As was the case last year, the annual faculty performance review process will be completed using the Faculty Management System. All faculty will have a formal review conducted by a supervisor.

The first step in the review process is for each faculty member to complete a self-evaluation. Since the Faculty Management System now has a Curriculum Vitae (CV) component, the annual performance review pages have been enhanced to automatically populate with the achievements that have been entered in your Faculty Management System electronic CV. It is recommended that you begin your self-evaluation by updating your electronic CV with your accomplishments for the review year.

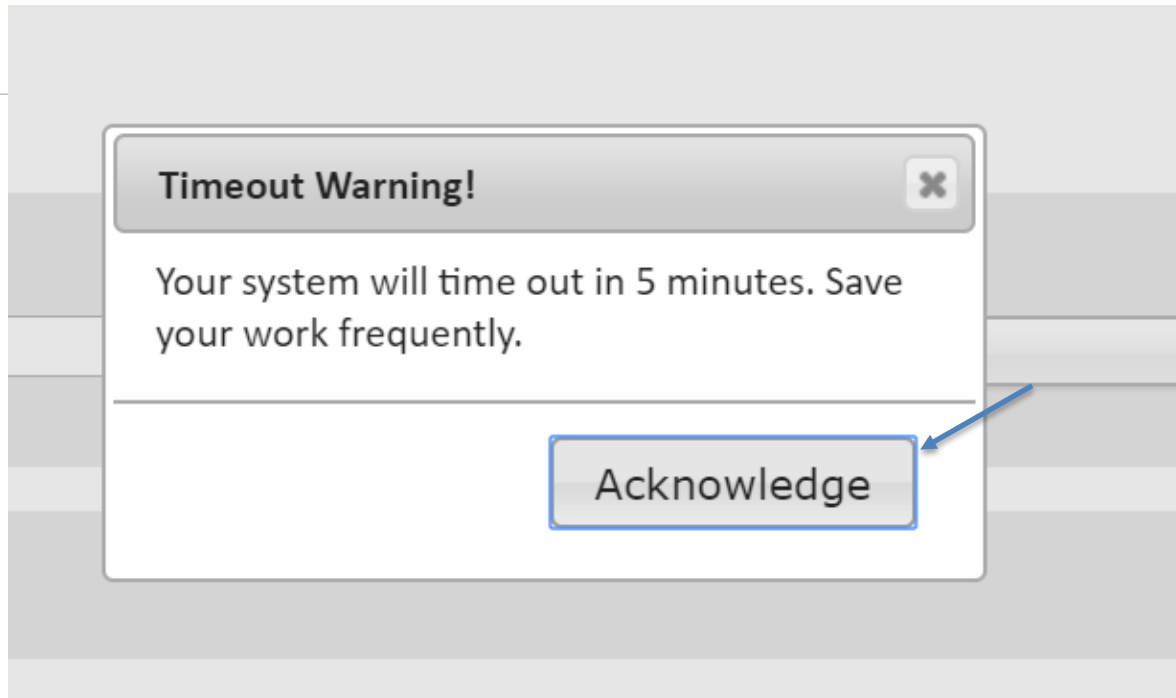

To begin your self-evaluation, please click on the CV link at the end of this email to access your CV pages and login using your Rush credentials to access the system. If you wish to go directly to your annual performance review, there is also a link for that below. You can always access your CV Faculty Summary page through the Faculty Management System icon on your desktop.

The deadline for completing all evaluations is July 1, 2018.

If you have further questions, please contact the Office of Faculty Affairs at Faculty_Affairs@rush.edu. Do not reply to this email.
