

Session 12: Ways to Stay Motivated

Progress Review

Changes you have made so far:

To be more active:

Planned physical activity: _____

Spontaneous activity: _____

To change your eating pattern:

Fewer calories: _____

Healthier food choices: _____

Have you reached the 7% weight loss goal? ☐ Yes ☐ No

Are you on track with your personal weight loss goal? ☐ Yes ☐ No

Have you reached the goal of at least 150 minutes per week of physical activity? ☐ Yes ☐ No

Are you on track with your personal activity goal? ☐ Yes ☐ No

If not, *take heart.*

You will learn OR have learned many skills that will help you move forward.

At the end of this session, you will set goals to carry with you into the next phase of the program.

Ways to Stay Motivated

1. Stay aware of the benefits you've achieved and hope to achieve.

What did you hope to achieve when you started Group Lifestyle Balance™? Have you reached these goals?

What would you like to achieve in the next few months?

2. Recognize your successes.

What changes in your eating and physical activity do you feel proudest of?

3. Keep visible signs of your progress.

- Keep weight and physical activity graphs (minutes or steps) where you can see them. Your graphs will help you stay focused on your goals.
- Measure yourself (waist, belt size) once a month and chart your progress.
- Other ways: _____

4. Do you need to vary your routine?

Is it time for you to vary your physical activity? ☐ Yes ☐ No

Can you think of some ways to vary it?

Is it time to add more variety to your meals and snacks?

**Some people do best with structure, others with variety.
There is no one right way.... look for the things that keep
you motivated.**

5. Create some friendly competition.

Do you like to compete with others or yourself?

How? _____

6. Use others to help you stay motivated.

Who gives you support and encouragement?

Are there new connections you can make?

7. Manage stress.... see pages 5-6.

8. Set new goals...see page 7.

Manage Stress

Stress is tension or pressure. It is not uncommon for people to respond to stress by overeating, drinking too much alcohol, or being inactive.

- What kinds of things make you feel stressed?

- What is it like for you when you get stressed?

- How have you learned to respond to stress in healthy or unhealthy ways?

Use *all* the skills you have learned in this program to prevent or manage stress.

- **Practice saying “No.”** Try to say, “Yes” only when it is important to ***you***.
- **Share some of your work with others.**
- **Set goals you can reach.**
- **Take charge of your time.** Make schedules with the real world in mind. Get organized.
- **Use problem solving.** Describe the problem in detail. Brainstorm your options. Pick one option to try. Make an action plan. Try it. See how it goes.
- **Plan ahead.** Think about the kind of situations that are stressful for you. Plan for how to handle them or work around them.
- **Keep things in perspective. Remember your purpose.** Think of all of the good in your life. Remember why you joined GLB4Me.
- **Reach out to people.**
- **Be physically active.**

When You Can't Avoid Stress

Catch yourself feeling stressed as early as you can.

Take a 10-minute "time out."

- Move those muscles.
- Pamper yourself. Just take 10 minutes for YOURSELF.
- Breathe. Try this: Take a full, deep breath. Count to five. Then let go of your breath slowly. Let your face, arms, legs, and body muscles relax.

Group Lifestyle Balance™ may cause stress. For example:

Sources of Stress	To Manage Stress	Examples
It takes extra time to shop for and prepare food.	<ul style="list-style-type: none">• Share your work.• Take charge of your time.	<ul style="list-style-type: none">• Ask your family to help.• Make double recipes. Freeze part for later.
Your food budget is tight; healthy options are limited.	<ul style="list-style-type: none">• Reach out to people.• Problem solve.• Plan ahead.	<ul style="list-style-type: none">• Explore community resources.• Stock up on frozen/canned fruits and vegetables from discount markets.
You feel deprived when you can't eat favorite foods.	<ul style="list-style-type: none">• Set goals you can reach.• Keep things in perspective.	<ul style="list-style-type: none">• Enjoy favorite foods in small amounts now and then.• Remind yourself why you want to have a healthy lifestyle.
Your family doesn't like low-calorie foods.	<ul style="list-style-type: none">• Reach out to people.• Problem solve.	<ul style="list-style-type: none">• Ask your family to support you in trying new foods.• Brainstorm options together.
You feel uneasy at social events where there are high-calorie foods.	<ul style="list-style-type: none">• Practice saying "No."• Reach out to people.• Plan ahead.	<ul style="list-style-type: none">• Turn down invitations that aren't important to you.• Call the host/hostess. Ask if you can bring a low-calorie dish.• Before you go to the party, plan what foods to choose.
It is hard to fit activity into your busy life.	<ul style="list-style-type: none">• Plan ahead.• Problem solve.	<ul style="list-style-type: none">• Make a date to be active.• Be active while doing other things. Take a walking meeting. Hike with family.
Remembering to make the active choice is hard.	<ul style="list-style-type: none">• Try to be more aware of adding in more steps each day.	<ul style="list-style-type: none">• Park further away from the entrance.• Take stairs instead of elevator.• Get off the bus a few stops earlier.

Set New Goals for Yourself

Find ways to reward yourself when you meet each goal.

Goals: Specific, short-term, just enough of a challenge

Rewards: Something you will do or buy **if and only if** you reach your goal

What are some non-food ways you can reward yourself for reaching a goal?

What's Your Pleasure?

It takes time and effort to build new eating and physical activity habits. One way to stay motivated is to be sure there's enough pleasure in your life.

Name three things you enjoy doing but rarely do.

Choose things that are not related to food and that are easy to do. See the next page for ideas.

1. _____
2. _____
3. _____

Schedule the above pleasures into your life.

Make appointments with yourself on a calendar. When you can, schedule your pleasures for:

- **When the "old you" might have rewarded yourself by overeating or being inactive.** For example, do you have a habit of eating ice cream after working hard in the garden? Find a way to relax in the garden (e.g., read a book, talk on the phone with a friend).
- **Right after you have taken a challenging step toward change.** For example, have you been putting off enrolling in a water aerobics class? Plan to take a long, hot bath on the night after the first class.
- **When you feel discouraged.** Remember, it takes time to change. You deserve to be good to yourself for all of the efforts you make.
- **Keep your appointments with yourself,** no matter how odd it feels. Treat them like you would treat appointments with someone else you care about.

What is Your Purpose Now?

You have been working hard to change your lifestyle.

Why is reaching and staying at a healthy weight and being physically active important to you?

Take a moment to see where you are at with your healthy lifestyle goals.

My Weight Goal

What is your weight goal now?

- ☐ I am working on reaching the 7% weight loss goal.
- ☐ I have reached the 7% weight loss goal.
- ☐ I am working on a personal weight loss goal.

In the next month, I will focus on (check one):

- ☐ Continued weight loss.
- ☐ Weight maintenance.

My Physical Activity Goals

What is your planned physical activity goal now?

- ☐ I am working on reaching the 150 minute per week goal.
- ☐ I have reached the 150 minute per week goal.
- ☐ I am working on a personal physical activity goal of _____ minutes per week.

What are your other activity goals?

- ☐ I am working on adding spontaneous activity as often as I can each day.
- ☐ I am working on adding steps each day to reach at least 7,000 steps per day, or about 50,000 per week.

In the next month, I will focus on (check one):

- ☐ A weekly activity goal of _____ minutes.
- ☐ A weekly step goal of _____.
- ☐ I will add spontaneous physical activity.

My Self-Monitoring Goals

Research shows that people who keep track are better at losing weight, staying active, and maintaining healthy lifestyle behaviors.

Look at page 13. Based on how I am doing right now:

I will commit to self-monitor at this level:

- ☐ Gold
- ☐ Silver
- ☐ Bronze

How I Will Keep Track

Choose and commit to one of the following three levels of self-monitoring based on how you are doing now. You should adjust the level (frequency and detail) based on your progress toward your weight and/or activity goals.

For all levels, continue to record your weight. Also record activity minutes or track your activity in any way that keeps you motivated.

Gold

- Record everything every day.
- **Choose this if:**
 - You aren't at your weight and/or activity goals yet.
 - You start to regain weight or stop exercising.
 - You know this level of detail helps you stay motivated and in control.

Silver

- Cut back somewhat on recording, but choose wisely. For example, you might decide to record calories/fat on fewer days per week, for the times of day when you need more control, or just write what you eat and drink.
- **Choose this if:**
 - You *are* at or below your weight and/or activity goals.
 - You are feeling confident about your eating and activity behaviors. You want to do some recording because it helps you stay aware.

Bronze

- Use the Group Lifestyle Balance™ Monthly Calendar (page 16) or other simple tracking method. At a minimum, record weight and physical activity at least once a week. Daily may be best.
- **Choose this if:**
 - You are feeling confident and in control.

To Do:

Check the boxes when you complete each item:

- ☐ **Keep track of your weight.** Weigh yourself at home at least once a week. Record it.
- ☐ **Record everything you eat and drink every day.** Come as close as you can to your calorie and fat gram goals.
- ☐ **Record your physical activity.** Come as close as you can to the GLB goal of at least 150 minutes per week.
 - If you were active for less than 150 minutes, that is okay. Start at your current activity level and try adding 30 minutes more.
 - If you were active 150 minutes or more, Great work and keep it up.
 - Record what you do and keep track of your activity minutes
- ☐ Try one way to stay motivated that will be helpful to you right now. Review the suggestions on pages 2-4.

- ☐ **Take steps to connect with others who support your lifestyle goals** (page 4). What is a good first step?

- ☐ Try to do **three things you enjoy doing but rarely do**. Copy below the list you made on page 8.

The three things I enjoy doing but rarely do are:

1. _____
2. _____
3. _____

Schedule these pleasures into your life.

- ☐ **Remember your purpose.** Commit to following your healthy lifestyle goals for weight, activity, and self-monitoring (pages 11 & 12).
