Name Readers

Maiko Yamashita, DNP, CRNA

Monica W. Rose, PhD, CRNA

Nurse Anesthesia Class of 2020

Nicole Ahrens

Alexandria Hinkle

Ashley Allar

John Hurley

Rachael Brennan

Vincent Icalia

Catherine Brozek

Erica Jacobs

Garrett Casey

Karl Kettelhut

Lauryn Hammond

Daniel Laughlin

Walter Hessler

Mary McCue

Nurse Anesthesia Class of 2020

Amy Micek

Jared Stewart

Katherine Olson

Kevin Tinio

Bridget Prendergast

Anne Tracy

Jennifer Ragnoni

Robert Wilkins

Arturo Santana

Nijma Yusuf

Kevin Shui

Hailey Zaidel

Nurse Anesthesia Class of 2020 DNP Projects

Nicole Ahrens (with C. Brozek)

Improving the Student Registered Nurse Anesthetist’s Understanding of the Business of Anesthesia

Ashley Allar

Reducing Anesthesia Work Environment Contamination Through Double-Gloving Intervention

Rachael Brennan

Plastic Waste Reduction Amongst Anesthesia Providers at RUMC

Catherine Brozek (with N. Ahrens)

Improving the Student Registered Nurse Anesthetist’s Understanding of the Business of Anesthesia

Garrett Casey (with K. Tinio)

The Impact of High Fidelity Simulation on Self-Efficacy in Student Registered Nurse Anesthetists

Lauryn Hammond (with A. Micek)

Improving Nurse Communication and Related Patient Safety Concerns with the NO HARM Handoff Tool

Walter Hessler (with A. Santana)

An Examination of Member Vulnerability to Attrition in the Illinois Association of Nurse Anesthetists

Alexandria Hinkle (with H. Zaidel)

Perioperative Glycemic Management for Diabetic Patients Presenting for Elective Surgery

John Hurley (with R. Wilkins)

Increasing Sleep Disturbance Knowledge in SICU Nurses

Vincent Icalia

The Second Victim Phenomenon and its Impact on Student Registered Nurse Anesthetists

Erica Jacobs (with A. Tracy)

Malignant Hyperthermia Mock Drills and Cart Update

Karl Kettelhut (with K. Shui)

Measuring Endotracheal Tube Cuff Pressure Using Manometry in Intubated Patients During General Anesthesia

Daniel Laughlin (with J. Stewart)

Evaluating the Effect of a Standardized Handoff Tool on Anesthesia Handoff

Nurse Anesthesia Class of 2020 DNP Projects

Mary McCue (with B. Prendergast)

Enhancing Student Registered Nurse Anesthetist Confidence and Proficiency of Surgical Blood Loss Estimation

Amy Micek (with L. Hammond)

Improving Nurse Communication and Related Patient Safety Concerns with the NO HARM Handoff Tool

Katherine Olson

Improving Student Registered Nurse Anesthetists’ Knowledge of Cricoid Pressure

Bridget Prendergast (with M. McCue)

Enhancing Student Registered Nurse Anesthetist Confidence and Proficiency of Surgical Blood Loss Estimation

Jennifer Ragnoni

Reducing Anesthesia Work Environment Contamination Through Education of Student Registered Nurse Anesthetists

Arturo Santana (with W. Hessler)

An Examination of Member Vulnerability to Attrition in the Illinois Association of Nurse Anesthetists

Kevin Shui (with K. Kettelhut)

Measuring Endotracheal Tube Cuff Pressure Using Manometry in Intubated Patients During General Anesthesia

Jared Stewart (with D. Laughlin)

Evaluating the Effect of a Standardized Handoff Tool on Anesthesia Handoff

Kevin Tinio (with G. Casey)

The Impact of High Fidelity Simulation on Self-Efficacy in Student Registered Nurse Anesthetists

Anne Tracy (with E. Jacobs)

Malignant Hyperthermia Mock Drills and Cart Update

Robert Wilkins (with J. Hurley)

Increasing Sleep Disturbance Knowledge in SICU Nurses

Nijma Yusuf

*Opioid-Sparing Multimodal Protocol for Total Knee Arthroplasties at the Center for Minimally Invasive Surgery:
A Retrospective Evaluation*

Hailey Zaidel (with A. Hinkle)

Perioperative Glycemic Management for Diabetic Patients Presenting for Elective Surgery
