RESEARCH SUPPORT

BMO Harris Bank Health Disparities Fellow, Rush University 11/13-06/16

The goal of this project is to pilot an obesity prevention intervention for African American girls and their mother. An additional goal is to review primary care provider's compliance with obesity prevention protocols in African American girls patients and develop an intervention to improve compliance if needed.

Role: M. Reed (PI) Mentors: JoEllen Wilbur, Arlene Miller

New Faculty Summer Research Grant, DePaul University 01/12- 06/12

Eating Behaviors of Parents and Early Adolescent Girls & Boys

The goal of this project was to describe and compare the eating behaviors of early adolescent girls and boys and their parents from a low-income, urban African American community in Chicago.

Role: M. Reed (PI)

Undergraduate Research Assistant Program, DePaul University 01/12- 06-12

Eating Behaviors of Parents and Early Adolescent Girls & Boys

The goal of this project was to describe and compare the eating behaviors of early adolescent girls and boys and their parents from a low-income, urban African American community in Chicago.

Role: M. Reed (PI)
