To minimize the spread of COVID-19 and to ensure the health of all subjects in clinical trials the following policy is effective immediately:

In-person visits for clinical trials are only allowed if the visit is essential for the health and well-being of the participant. If such a visit is necessary, the visitor policy applies (no visitors will accompany the participant to the visit). If a scheduled visit is not essential for the participant’s health or well-being, it must be conducted virtually or postponed.

A Research Town Hall Meeting is scheduled for Tuesday morning at 10:00 a.m. to answer questions regarding this policy and other issues pertaining to research at Rush. If you have any questions, please contact the Office of Research Affairs at (312) 942-5498.
