

miRNA and Gene Expression Core Facility

Current Charges (effective date: July 1, 2017)

note: These are guidelines.

Please consult with the Core to get a more precise quote!

Service	unit	Rush cost	Other academic	Non-academic
RNA Extraction Trizol & estimation	sample	\$25	\$38	\$50
DNase treatment and First strand preparation	sample	\$20	\$30	\$40
qRT PCR using Syber green (min 10 samples)	sample	\$15	\$23	\$30
qRT PCR instrument usage	per run	\$30	\$45	\$60
Taq man assay	sample	please enquire		
DNase treatment and miRNA Reverse transcriptase	sample	\$20	\$30	\$40
miRNA assay run	sample	\$10	\$15	\$20
miRNA Taq man assay cost	per miRNA	\$250-\$300		
Assistance (training, bioinformatics, sample preparation, Image analysis, method preparation, Image analysis, method Development, etc)	hour	\$40	\$60	\$80
