If I submitted a waiver for Fall 2021 and do not want the student health insurance plan for Fall 2022, do I need to submit another waiver before the deadline, or does the Fall waiver from the previous year carries over to the following terms until I graduate?

If you submitted a waiver during Fall 2021 term, the next time you will need to submit a waiver is Fall 2022. You are required to submit a waiver every Fall. If you are starting a new program this fall, you will also need to submit a waiver because this will be your first term of enrollment in the new program. Please submit your waiver during the fall open enrollment and waiver period or you will be auto-enrolled in our plan and charged the premium for \$1,888.00.

I am graduating at the end of the Summer 2022 term and will not be enrolled at Rush next semester; why am I receiving this email?

We send emails to all currently active students. If you are not enrolled next term due to graduation, no action is required from you. And if you are currently enrolled in the student health insurance plan, you will be discontinued from coverage and will not be charged next term. The Summer coverage period ends August 31, 2022.

I am graduating this Summer 2022 and am currently enrolled in the student health insurance plan. Is there an extension option?

AHP offers a three-month extension after you graduate. If interested, you will need to submit the continuation enrollment form and payment directly to AHP before your coverage termination date. In no event will the Covered Person be eligible for Continuation of Coverage if premium is received after the termination date of the Policy. There is no renewable option, and no refunds are available after you have selected the coverage. You can find the continuation enrollment form online:

I am a new student in the Fall 2022 term. Do I need to submit a waiver or enroll?

Yes. There is an annual open enrollment and waiver period EVERY Fall and all students will be automatically charged for the student health insurance plan this term and every Fall thereafter. If you are already covered under another health insurance plan, you must submit a waiver by 09/19/21 or the charge will remain on your account.

I am a new student beginning Fall 2022 and am also a Rush employee. I already have insurance through Rush or through my spouse. Do I still need to submit a waiver?

Yes, all students, including Rush University Medical Center employees, are required to submit a waiver during the first term of enrollment and every Fall thereafter. The University does not use the same system as the Rush Human Resource and Benefits department; therefore, we are not aware of your employment status or insurance standing at the Medical Center. You will be automatically charged for the student health insurance plan, and you MUST submit a waiver for the charge to be removed from your account.

I will be only taking online courses during Fall 2022. Do I need to submit a waiver?

Yes, please submit a waiver by 09/19/22.

It is advisable to shop around for these optional plans to ensure you get the plan that best suits your needs. If you choose to enroll in either of these add on plans, you will be responsible for paying the premiums directly to Cigna or VSP; Rush will not bill your student account.
