Catalyst Awards Program

The Catalyst Research Award Program provides one to two years of seed funding to support high-risk, high-reward projects that address critical scientific and therapeutic roadblocks within the Program's principal areas of focus. The Program is designed to enable planning and development of projects, teams, tools, techniques and management infrastructure necessary to successfully compete for two-year award through the Transformational Research Award Program. Up to \$300,000 seed funding over one to two years will be awarded (inclusive of 10% indirect costs).
